SUPER

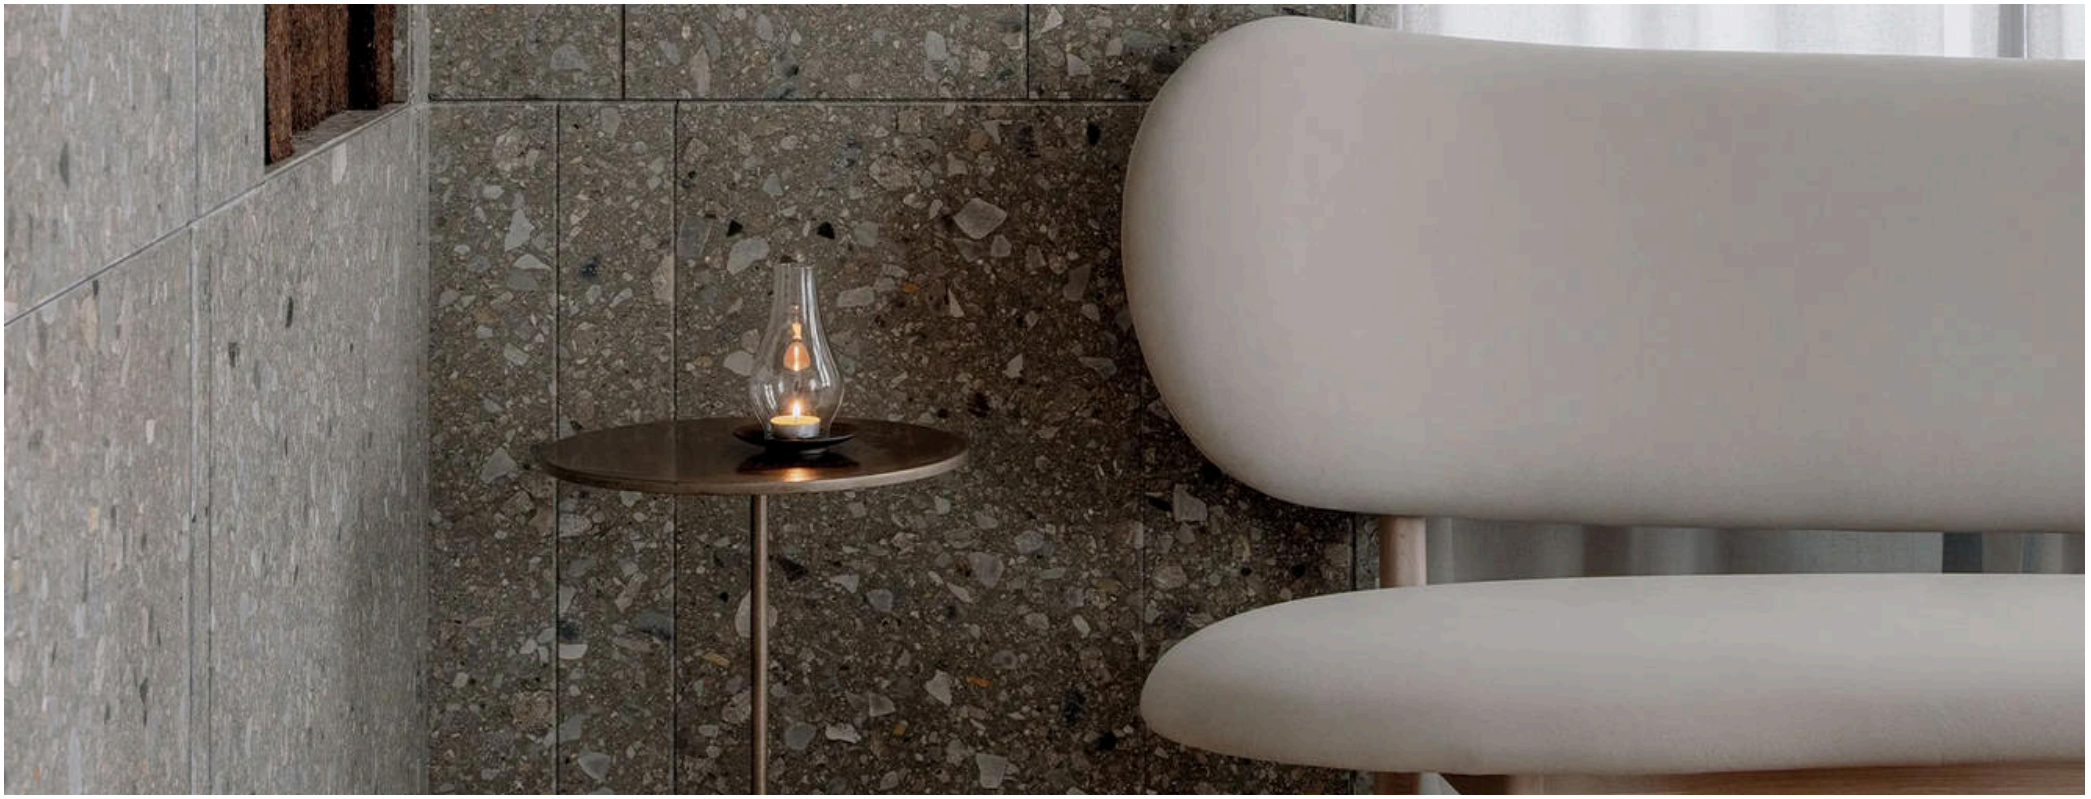

FAREWELL TO REASON

In collaboration with Singapore-based artist **Nathan Yong**, we embarked on an extraordinary journey, pushing the boundaries of our **bended marble technology** to bid **farewell to conventional notions of logic and reason.**

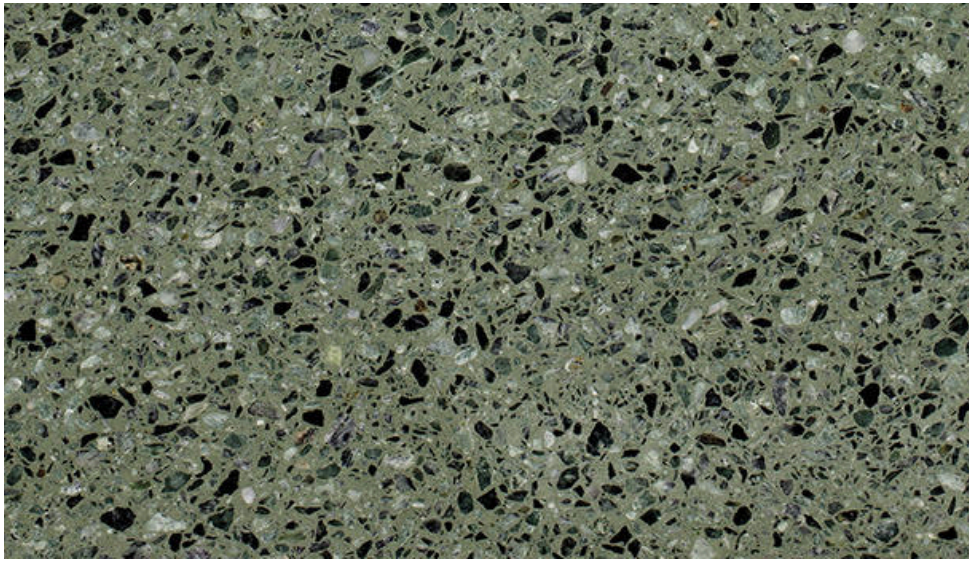

ENGINEERED STONE

What is an **Engineered stone?**

A synthetic material designed to mimic the appearance of natural stone. It's durable and low-maintenance, making it a popular choice for countertops and various other surfaces locations.

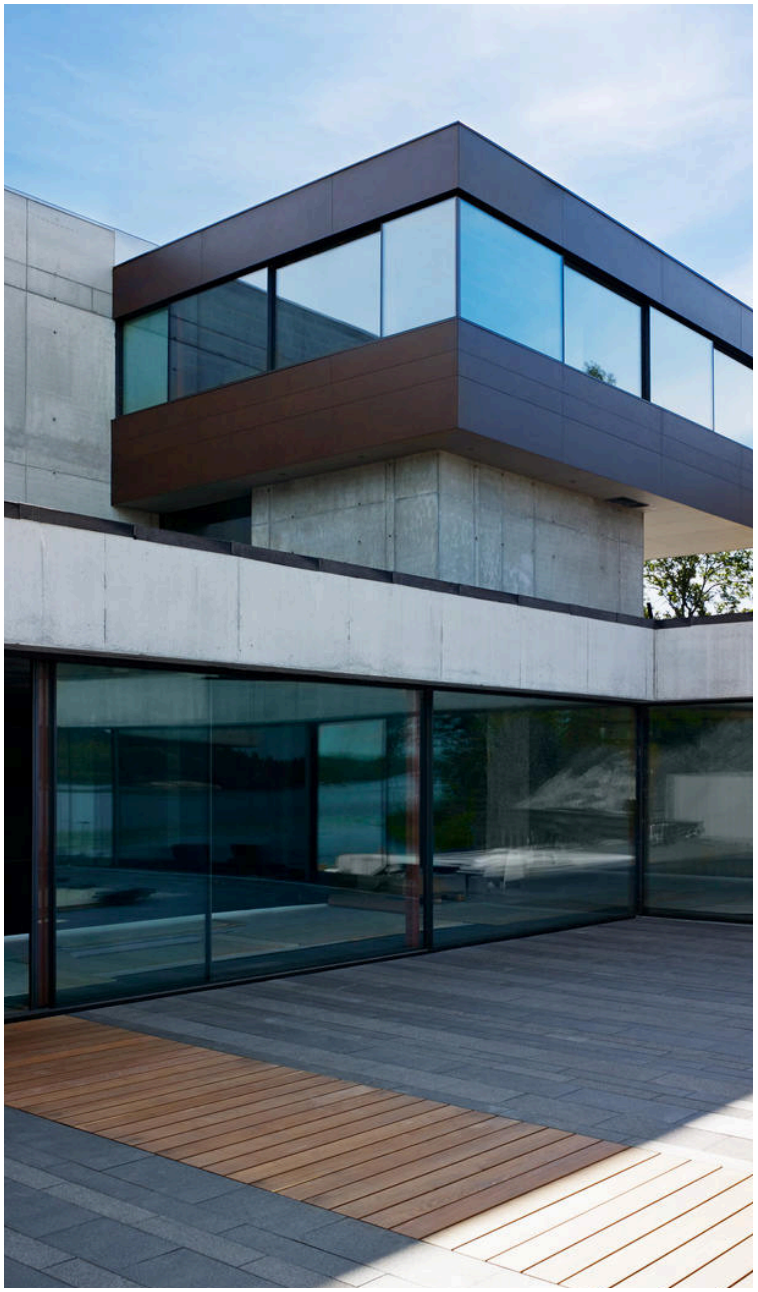

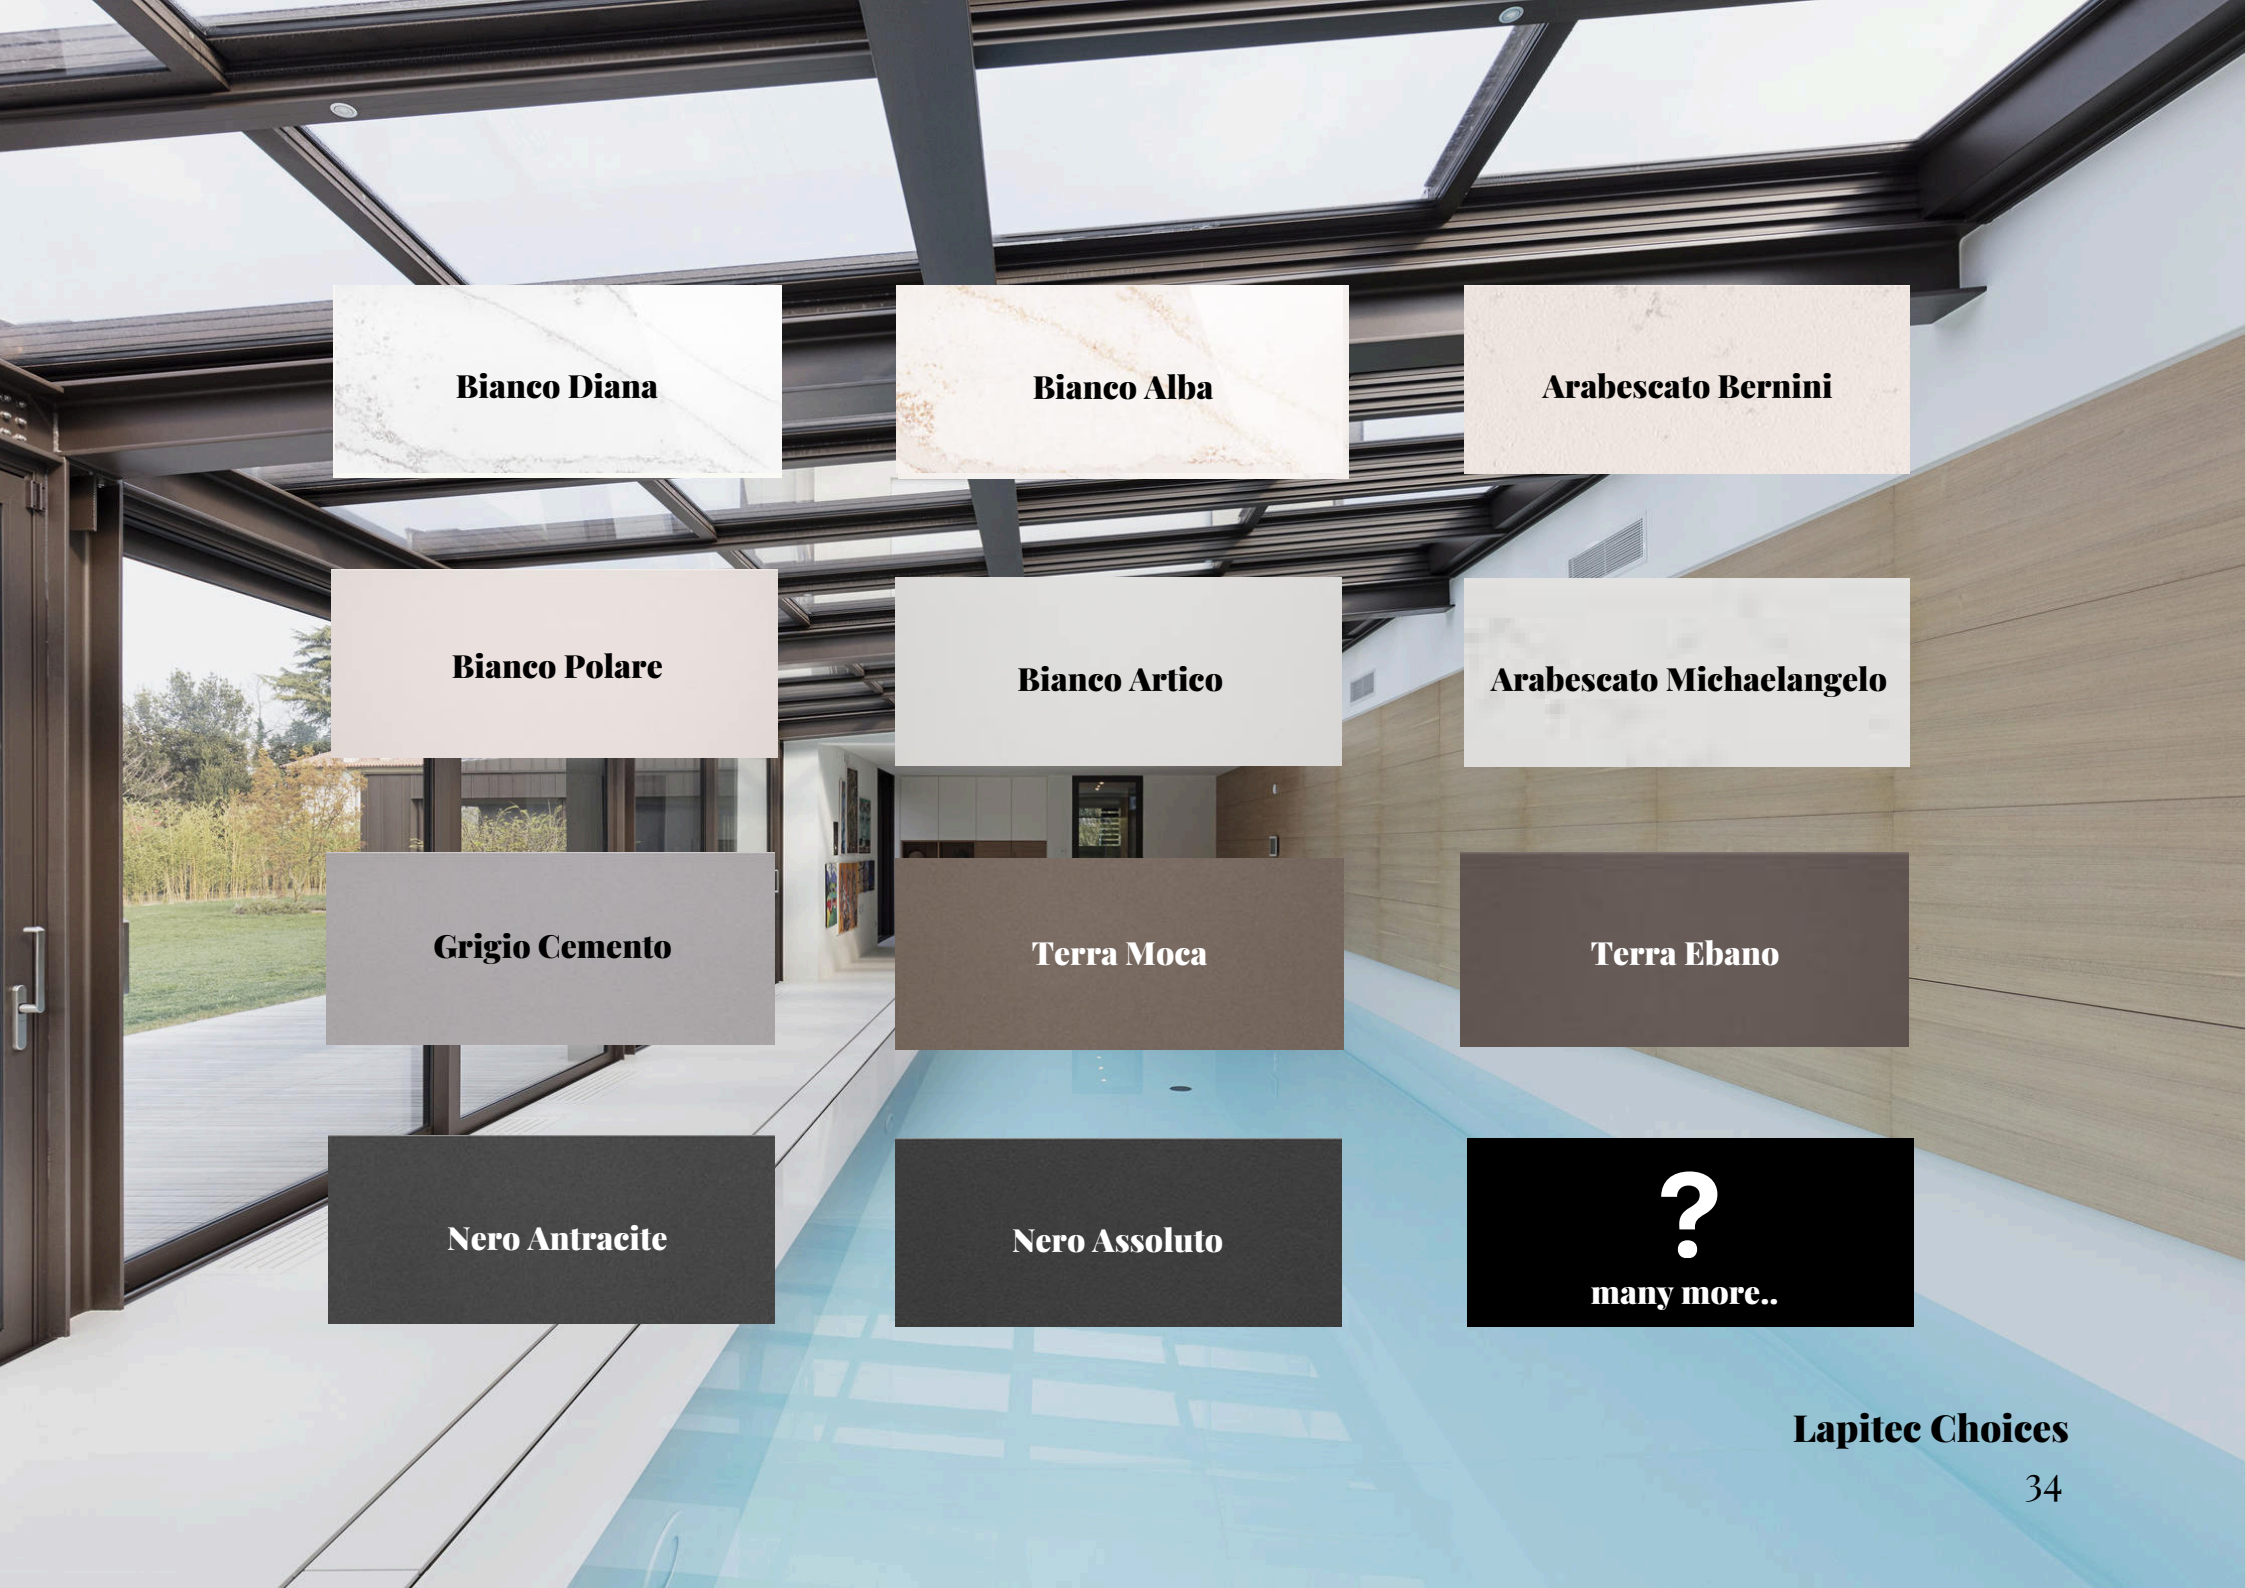

Why Engineered?

- ***Sustainably sourced***
- ***Low Maintenance***
- ***Consistency***
- ***Design Versatility***
- ***Durability***
- ***Resistant to Stains***
- ***Resistant to Chemicals***
- ***Resistant to Scratches & Abrasion***
- ***Fireproof and Non-absorbent***
- ***Eco Friendly***

Our **engineered stone** suppliers are all certified for sustainable sourcing, renowned for their unwavering commitment to **consistency** and **perfection**, and have undergone rigorous testing and **certification** processes to bring their products to market.

Lapitec Choices

Lapitec Finishes

Lux
high-gloss look.

Vesuvio
non-slip, structured, strong.

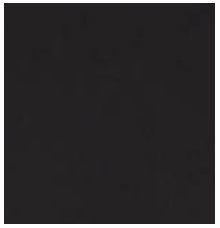

Satin
refined matte finish.

Arena
smooth, sandblasted.

Lithos
subtle wrinkles, velvety, versatile.

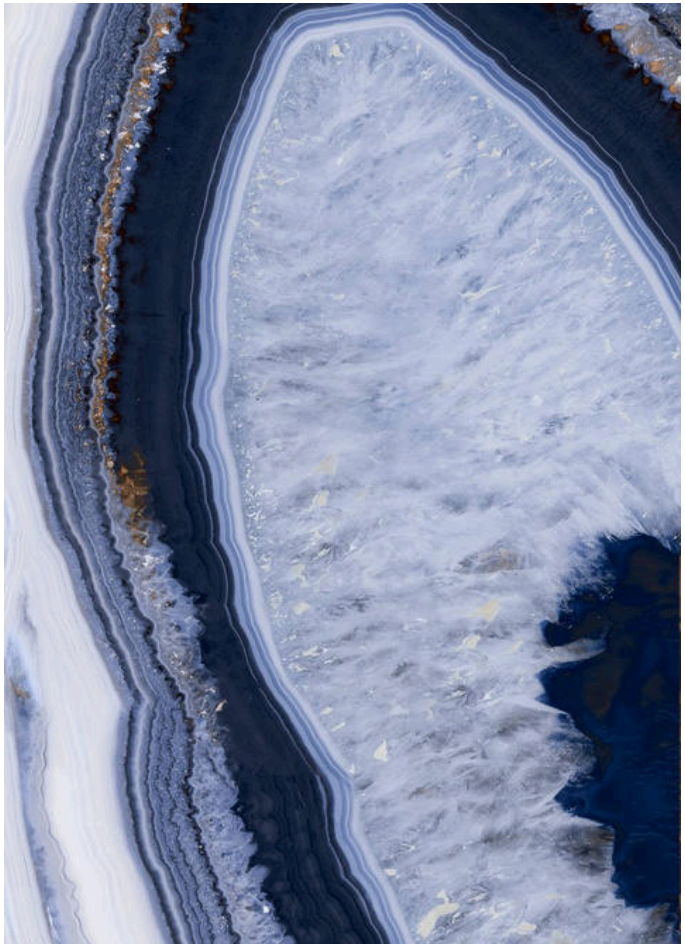

Velluto
full body satin, soft.

Perfect For

- Kitchen
- Living
- Building
- Yacht
- Pool & Spa
- Bathroom

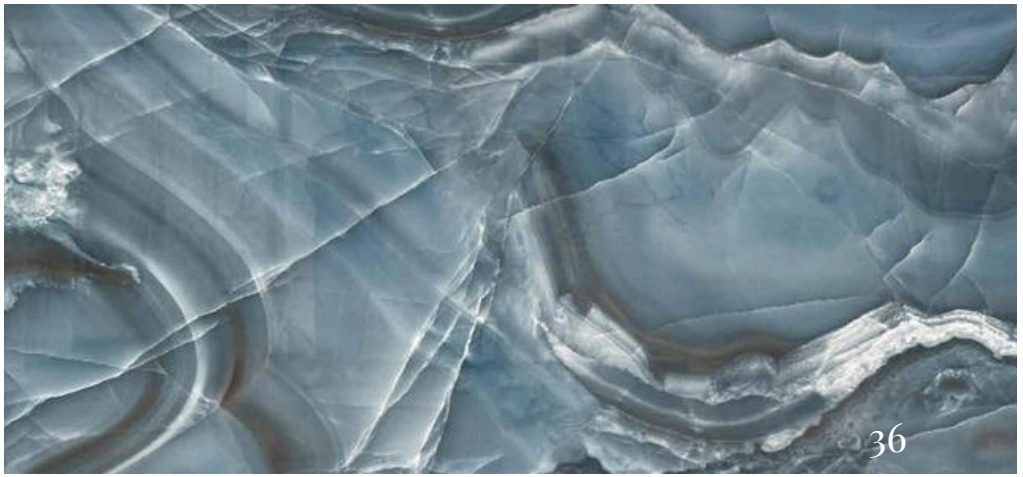

What is Lapitec?

The only sintered stone in the world, certified by the European Commission and European Organization for Technical Assessment.

What is Porcelain?

Porcelain printing is the process of transferring designs, patterns, or images onto porcelain surfaces. It allows for customization and decoration. Porcelain printing involves a **high-temperature firing** process, resulting in greater strength and durability.

Why Porcelain not ceramic?

- Durability
- Resistance
- Versatility
- Longevity
- Ease of maintenance
- Resale Value

A

SIERRA

(ridge, mount, saw) (kulitan)

Sierra unlocks the power of **sustainable** innovation and transforms industry **'waste'** into breathtaking works of art, creating stunning backdrops that not only captivate the eye but also showcase your commitment to a **greener** future. Meticulously crafted **without** any harmful **chemicals** or **hazardous** materials.

PIETRA SERENA SIERRA

EMPERADOR GREY SIERRA

METALLICUS SIERRA

12

The number of finishes we've created throughout the years, with **Sierra** being the most complex of them all.

The possibilities are **limitless** with this finish, almost any type of natural stone with deep enough thickness will achieve this finish.

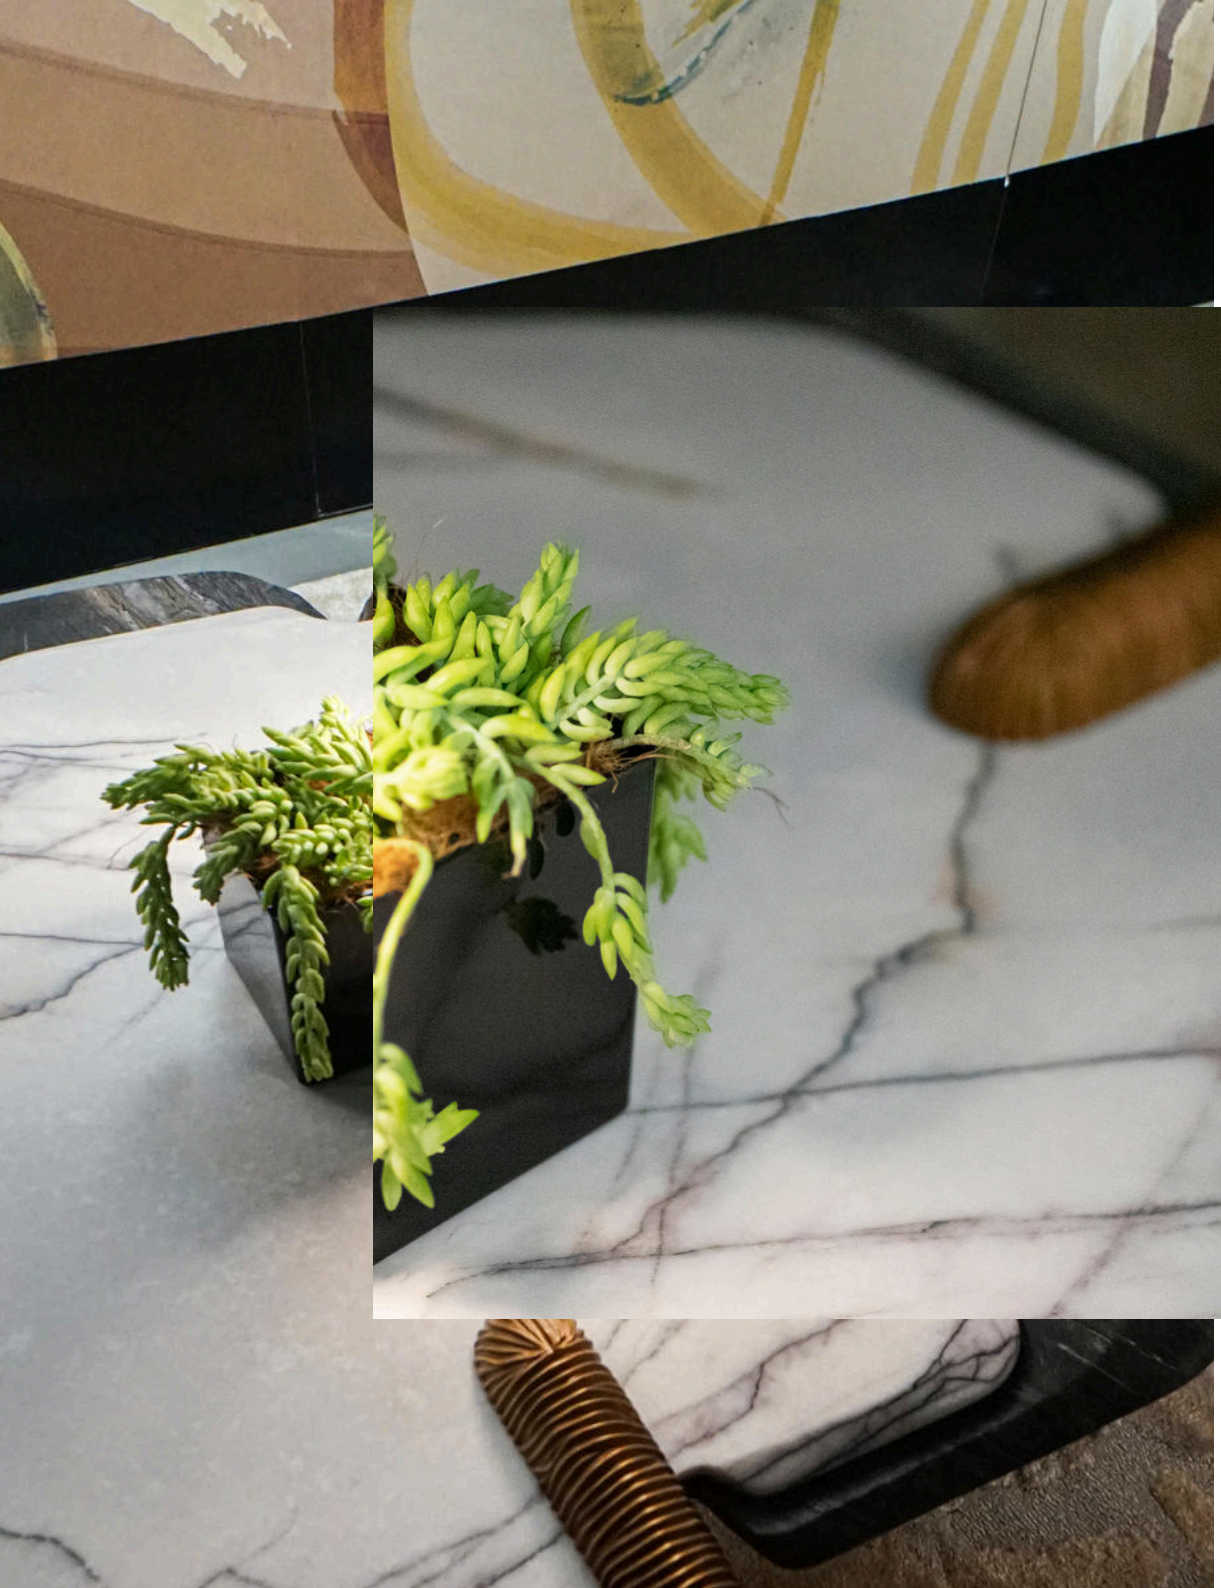

21

The number of **Sierra** finishes we've tested and created so far on natural stones. The beauty of this finish is **discovering** and testing the limits of each different type of marble. henceforth giving us different results.

Our **eco-friendly** approach ensures that our products have no adverse impact on human health, the planet, or nature, making them the ideal choice for a **greener** and **safer** world.
